Ordering Information

Individual fonts shipped by email or on CDR. Don't forget to add shipping and handling to your order. Individual fonts come in either Windows TrueType or Macintosh Postscript formats at this time. (If you do not specify which format you want, Mac Postscript will be sent.) Windows Postscript can be ordered by special request. The Cool Fonts CD #1 includes both Windows and Mac formats and both TrueType and Postscript fonts. It contains all of the fonts listed at the left. The Jean Splice system is available in Mac or Windows Postscript only to support more accurate kerning/spacing. Fonts are shipped by US priority mail or by email if requested. Don't forget to include your email address and mailing address.
